RE: Kirk Cottrell Pavilion Project

To Whom it May Concern:

I am the Project Manager for the City of Deerfield Beach Community Redevelopment Agency (CRA). My job is to oversee construction projects and represent the CRA on Capital Projects within the CRA boundary.

On October 14, 2019 the CRA issued a Notice to Proceed to Danto Builders for construction of a new beach pavilion and restroom. The project value is approximately \$2.7 million, and the project is approximately 60% complete. I have been pleased with my dealings and interactions with Danto Builders from the time the project was awarded by the CRA Board until now. I've had the pleasure to meet and interact with almost every level of their organization including ownership. Their entire team has demonstrated a commitment to delivering a quality project to the CRA on time and on budget. Professional daily oversight by their onsite superintendent has delivered progress in line with the project schedule. Communication including detailed daily project reports has been excellent.

I would welcome the opportunity to work with Danto Builders on future CRA projects and can recommend their service without reservation.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark DiMascio", with a stylized flourish at the end.

Mark DiMascio
Project Manager
